CHAPTER 1

GEORGE AND HAROLD

This is George Beard and Harold Hutchins. George is the giant zombie nerd on the left with the tie and the flat-top. Harold is the giant zombie nerd on the right with the T-shirt and the bad haircut. Remember that now.

If you read our last adventure, you may recall the final terrifying scene where Tippy Tinkletrousers ended up cowering beneath the gigantic foot of Zombie Nerd Harold. You were probably horrified when the super-sized shoe slammed down to the ground, leaving behind a squishy, red stain. You may even have commented on the surprising inappropriateness of such a murderous and bloody scene appearing in a children's book. It's fun to feel offended, isn't it?

Unfortunately, I'm sorry to have to tell you that there was no murder at the end of the last book. There wasn't even any blood. What happened at the end of our last story is something called *misdirection*. It's what happens when you are led to believe that something is true, but in reality it's not true at all. Misdirection happens a lot in real life—especially in politics, history, education, medicine, marketing, science, religion, and the Oprah Winfrey Network.

With all of that misdirection out there, life can get a little confusing. But don't worry, this epic novel contains no misdirection whatsoever. This legendary tome will explain everything, from our recent narrative complexities to the vast mysteries of our universe. By the time you get to page 198, you'll know it all. You'll be a genius! You'll be smarter than the most brilliant scientist who ever walked the Earth.

So let's get started, shall we?
