Author's Note

Releasing 10 is the sixth installment in the Boys of Tommen series.

Some scenes in this book may be **extremely** upsetting; therefore, reader discretion is advised.

Please be aware this story tackles incredibly harrowing topics revolving around childhood abuse, sexual trauma, and suicide that, while incredibly important to speak out about, may **not** be suitable for younger readers. Please be mindful of emotional triggers and proceed with caution.

Because of its explicit sexual content, graphic violence, mature themes, triggers, and bad language, it is suitable for mature readers.

It is based in the South of Ireland, set during the timeframe of 1991–2005, and contains Irish dialogue, slang, language, and cultural stances relevant to that period in history. As such, these are not the personal opinions of the author.

Because the earlier books in the Tommen series centered around the Lynch family, their duets were released in order; however, from book five onward, the order in which the books release will rotate between characters in line with the ongoing storyline.

A detailed pronunciation guide and glossary can be found on the following pages.

Parts, stages, and sections are used instead of the standard chapter headings as the method of navigation in this book.

Thank you so much for joining me on this adventure.

Lots of love, Chlo XXX
